

Dental SelectHMO Plan for Individuals and Families

For dental benefits you can smile about!

Why dental care is important to your overall health...

Consider this: people who suffer from periodontal disease, are twice as likely to have heart disease or a stroke.¹ And there's also research linking poor oral health to diabetes, lung disease and premature births.²

Fortunately, regular dental check-ups can help detect the early warning signs of certain health-related issues. That's just one reason why it's so important to take good care of your teeth and gums. And the Dental SelectHMO plan* from Anthem Blue Cross can help make it easy and affordable.

How the Dental SelectHMO plan works:

Our Dental SelectHMO plan offers comprehensive coverage that is designed to fit your family's budget. Services must be performed by an Anthem Blue Cross Dental SelectHMO participating dentist in order to be covered. Benefits are immediately available for most services and you won't have to meet any deductibles.

Each time you visit a participating dentist, you'll pay a low \$5 office visit fee and a set copayment for some procedures. Once you pay the \$5 office visit fee, most diagnostic and preventive services (such as cleanings, exams and X-rays) are covered in full.
